
Good As New Program (for Aerators and Mixers)

- Customer sends in a used aerator diffusion head or mixer motor base. Aqua-Aerobic uses those components to build up a power section
- Includes new Endura Series motor (limited maintenance and 3-year mechanical warranty), new precision propeller, shaft parts and vibration balance check
- Customer receives cost savings on the diffusion head compared to a new purchase
- Customer keeps existing motor and propeller for spares
- Installation of power section is considerably easier than replacement of individual components
- Prop and motor are balanced together to ensure lower vibration/longer life
- Routine operation and maintenance costs are greatly reduced

Refurbished Equipment

- Used equipment at reduced costs
- Inventory varies – consult factory for availability
- Limited warranty

UPGRADES

Aeration Upgrades

- Replace worn/aged diffuser assemblies
- Retrievable diffusers
- Coarse and fine bubble replacements
- D.O. control of aeration blowers
- Reduces demand on blowers
- Possible higher efficiency blowers
- Installation services available
