

AQUA-AEROBIC SYSTEMS, INC.
A Metawater Company

ADAPTIVE WATER MANAGEMENT SOLUTIONS

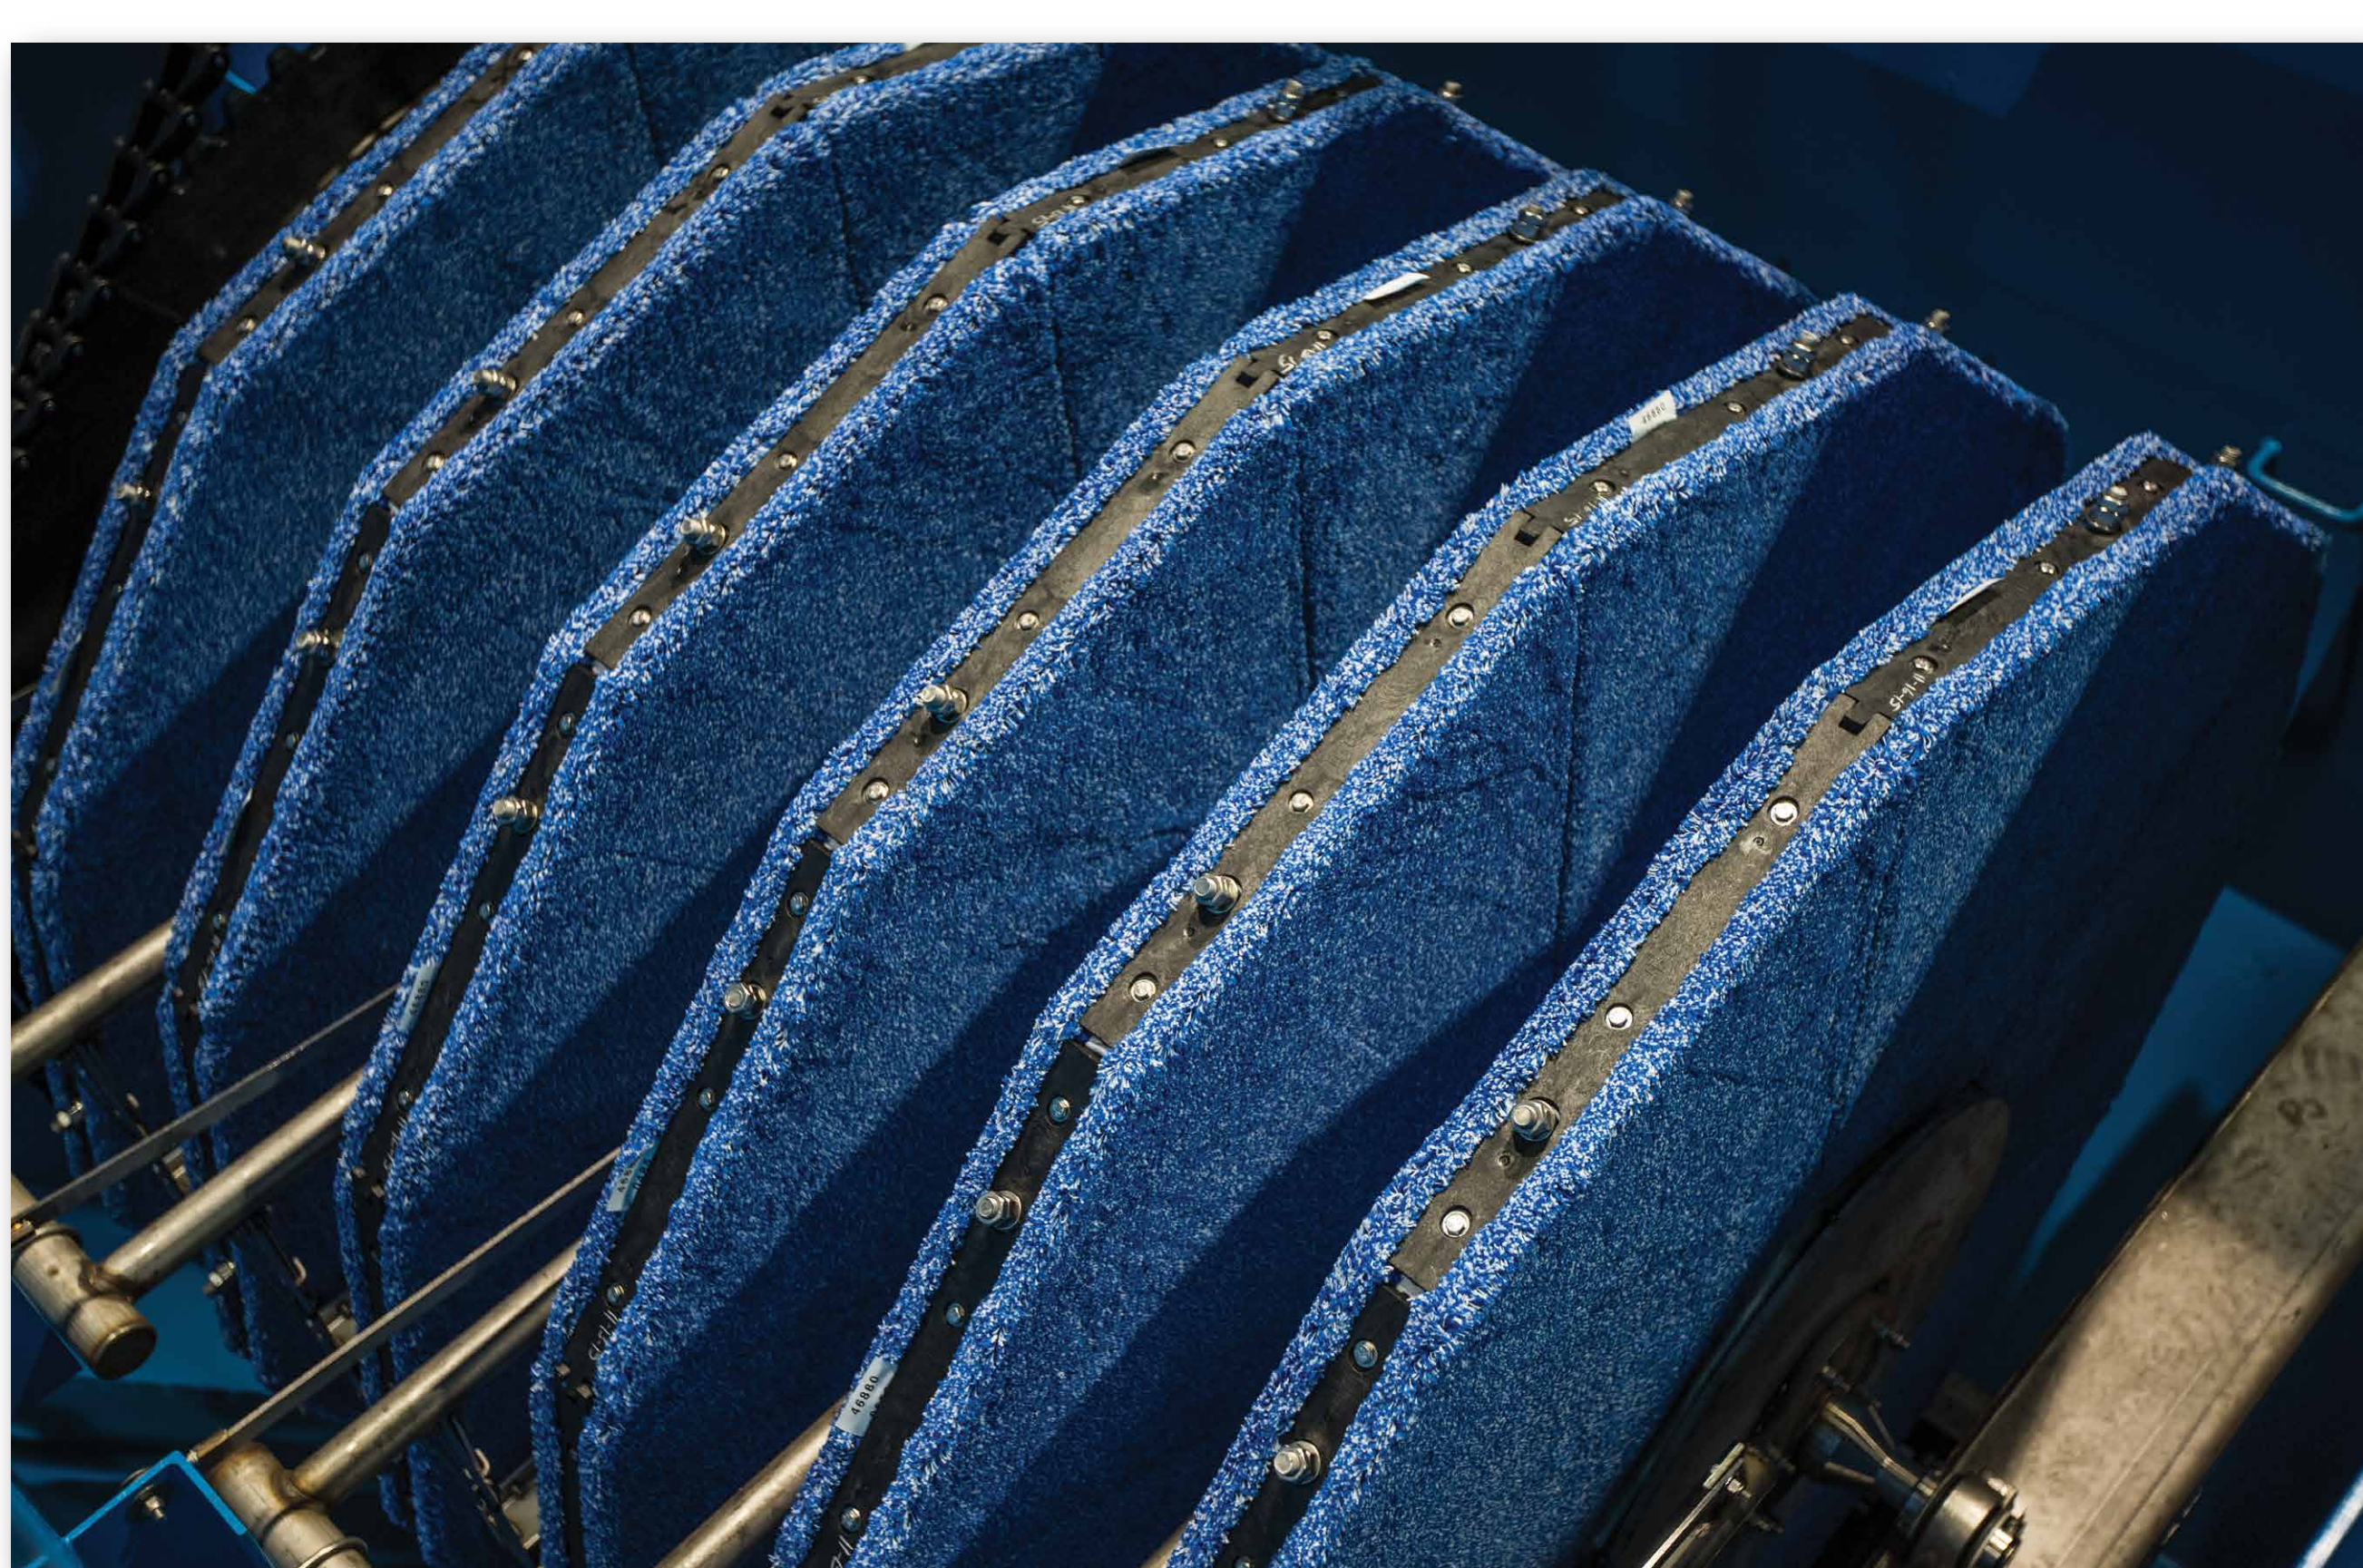

Aeration and Mixing

- Surface and Diffused Aeration
- Aspirating Aerators
- Direct-Drive Mixers
- Pure Oxygen Mixers

Biological Processes

- Batch Treatment Processes
- Aerobic Granular Sludge Technology
- Flow Through Systems
- Membrane Bioreactor Systems

Cloth Media Filtration

- Pile Cloth Media Technology
- Multiple Mechanical Configurations
- Variety of Media Available
- Ideal for New and Emerging Applications

Membrane Systems

- External and Submerged Systems
- Polymeric and Ceramic Membranes
- Drinking Water and Wastewater Applications
