

AQUA-AEROBIC SYSTEMS, INC.
A Metawater Company

INDUSTRIAL SOLUTIONS

Water and Wastewater Treatment

Industries

- Chemical and Petrochemical
- Power Generation
- Pulp and Paper
- Food and Beverage
- Other Industrial Waste Streams

Applications

- Primary Influent/Effluent
- Secondary Treatment
- Tertiary Treatment
- TSS, BOD₅/COD and Nutrient Removal
- Wastewater Reuse for Clean Utilities

Technologies

- Aqua-Jet® Surface Aerators
- AquaNereda® Aerobic Granular Sludge Technology
- AquaSBR® Sequencing Batch Reactors
- Aqua-Aerobic® MBR Membrane Bioreactors
- OptiFiber® Cloth Media Filtration

Corporate Capabilities

- Process and Applications Engineering
- Lifetime Customer Service
- Training and Education
- Continuous Research and Development
- Greenfield, Package and Retrofit Systems
