BASE BID EQUIPMENT MANUFACTURERS/SUPPLIERS

The project will be awarded based on the base bid equipment manufacturers/suppliers listed below. The bidder must base his lump sum base bid on the listed equipment manufactures/suppliers. Deductions for Owner selected equipment manufacturers/supplier substitutions will not be considered in determining the basis of award. The bidder may indicate substitute equipment manufacturer/supplier items by writing in the substitute equipment manufacturer/supplier item and the amount of deduction for that substitute name write-in.

Substitutes will be deemed as equal if the substitute is the same or better than the product named and described in the specifications in function, performance, reliability, quality and general configuration. Determination of the equality of a substitute shall be determined by the Engineer after the bid, based on submittal data received with the Contractor's bid documents. Should the write-in substitute be determined "not equal", then the bidder shall supply the equipment listed as Base Bid on the bid form. The Owner may determine any substitute "not equal" as the Owner determines to suit his sole best interests at any time.
