## **Project Definitions**

<b>Preliminary:</b>	Any project where the decision to construct a treatment plant has not been made or a design contract has not been awarded.
<b>Target:</b>	Any project where a treatment plant will be constructed or equipment purchased and an engineering firm has a design contract.
<b>Active:</b>	Any project where plans and specifications have been prepared by Aqua-Aerobic / Engineer or is targeted for bid.
<b>Bid:</b>	Any project for which a firm price and proposal has been issued, based on a clear definition of a project's scope of supply.
<b>Order:</b>	Any project for which Aqua-Aerobic has received a purchase order with all contingencies removed.
